Ethnographic Survey .

In connection with this work, I should like to submit some small proposals for kind approval and sanction . N. Subba Rau is at present the only clerk working under me, the other place being left vacant. He prepares the draft of each article from materials which he has also been well trained in collecting. -- My share of the work is to write out the accounts - for the press, which practically amounts to re-writing the whole matter and passing the press proofs. This occupies a great deal of time and thought, and so the progress has not been as great as I should have liked. I am not yet in a position to say whether in my present situation I shall have more time to devote to this work, but if His Highness has no objection, I -- shall keep it for the present and shall not ask to be relieved unless the interests of my regular work or of my health demand it .

(2) In order to relieve me of the necessity of signing bills and carrying on petty correspondence connected with the work, I propose that this clerk who is now getting a pay of 96 Rs be styled Assistant to the Officer in charge of Ethno. Survey .

(3) It is impossible for me to attend directly to the work of collecting information, and so my assistant will have to travel independently for the purpose . As he has to go throughout the state, it would be very difficult for him to meet the cost and to command the necessary attention unless he is liberally treated. In the matter of travelling allowances, I would recommend the rates given to Amildars (3 Rs and mileage 6 Annas); if however this is considered too great an

(6)	Submitted. G.M. file 132 of 08, Serials 1 & 5 relating to the increase of the local and travelling allowances of Mr. V. Subba Rao and Gen Fin file 371 of 08-09 relating to the Budget Estimates of the Ethnographical Survey for 1909-10 are put up. Hon. 5.5.09 (7) The proposal is to designate the Head Clerk as Assistant to the Officer in charge of Ethnographical Survey, to fix, as a permanent measure, his pay at Rs 100 rising to Rs 150 by annual increments of Rs 10 and to give him the Ta of an Amildar or a Dy Amildar. (8) The Considerations on the Strength of which the enhancement of the Head Clerk's pay and the improvement of his Status are recommended are summarised in the Dewan's note of Submission to His Highness, on the Budget file. The raising of the pay and Ta of the Head Clerk is proposed as greater responsibility & duty has devolved on him,

on the appointment of the Officer in charge of the Survey as the Second Councillor, and in the circumstances the recommendation has to be entertained. The Ethnographical Survey work is however only temporary and it is not known how many more years it may take for it to be finished. If it is not likely to take another five years, the proposal to make, as a permanent measure, the pay of the appointment a progressive one, rising to its maximum in five years is not strictly admissible financially. The Officer's pay may, in the circs, be made a fixed one and if it is necessary that he shd. be of the status of an Amildar, he may be given temporarily the pay and la. of an Amildar of the last class. If the services of the Second Clerk are not required the proposed arrangement in regard to the Head Clerk will not result in any large addition to the total annual expenditure on the Survey.

12) Since the Financial Secretary has no objection to the grant of allowances at the rates admissible for Dy Amildars, I shall be satisfied if these rates are kindly sanctioned. The qualification may be kept out as a reduction would not be feasible on these low rates. Even if it is inserted, I presume the reduction will not be effected without giving the officer concerned an opportunity to have his say.

13) On the question of increase of pay, I did not expect that the Financial department would support my proposal. No ~~for~~ increase (in any but the financial department itself) can be justified on mere financial grounds. It is a question ~~for~~ at least as much within the province of the administrative department concerned to judge whether taking all the available data into consideration, a case has been

made out for an increase. I have nothing to add to my note on this view of the question, and shall leave it to be dealt with as may seem proper.

14) After all, the increase I ask for is not unreasonably high. The clerk concerned will get 100 Rs from 1 July. If he is then given 10 Rs more and promised 10 Rs increment every year that he serves in this work, it is immaterial whether he is made permanent or not. As Mr. Bhakwath observes, it would be easy in any case if it pleases Govt to make him an auildar when his services are not required in the present appointment.

15) About the last sentence in the H Secretary's note, I have a word to add. The insinuation seems to be that the increase of pay cannot be deserved. I think he altogether misapprehends the nature of

The work is of a temporary nature and any increase of emoluments must go with the Office. Subba Row is now a 2d grade clerk who will reach the maximum pay of the grade viz Rs 70 on 1st July 1909. He gets a special allowance of Rs 30 for this work. The allowance may be increased to Rs 40 on 1st July 1909 & to Rs 50 on 1st July 1910 — By this time the work may be expected to be well advanced towards Completion having been started in the year 1903 — He may be allowed daily allce of Rs 2 and mileage of 5 annas when travelling —

23 - 3. Mr. Nanjundayya recommends that in view of the Head clerk's increased responsibility and of his having to travel throughout the State independently of the Head of the Department, his pay and allowances may be consolidated and fixed at Rs.100-10-150, and the appointment made permanent, and that he may be given the travelling allowances admissible to Amildars (Daily allowance Rs.3, and mileage as. 6), or at least those admissible to Deputy Amildars (Daily allowance Rs.2, and mileage as. 5).

24 - 4. The Financial Secretary agrees to the grant of travelling allowances to the Head clerk at the rates admissible for Deputy Amildars, but says there is no reason to make the appointment permanent or to increase the rate of pay to Rs.100-10-150.

of office notes.

25 - 5. The First Councillor also agrees to the rates of travelling allowances being increased as proposed, but as regards the increase of pay asked for he suggests that it may be sufficient to raise the Head clerk's allowance of Rs.30 to Rs.40 from the 1st July 1909 and to Rs.50 from the 1st July 1910, by which time. he thinks, the work of the Ethnographical Survey must be "well advanced towards completion".

26 - 6. The higher rates of travelling allowances proposed

proposed, viz. Daily allowance at Rs.2 and mileage at as. 5, may be sanctioned. As regards increase of pay, the Head clerk gets an increment on the 1st July 1909, so that it seems premature to consider the question of further increment at present. In the meantime stock may be taken of the work of the Department by reckoning what has already been done and what may yet remain to be done, and how all this should be co-ordinated with that of a Census Department which will have to be soon organised.
